## **DETAILED ACTION**

### ***Response to Amendment***

1. The amendment received on 8/31/2005 has been received and entered in the case. The prior art rejections to the claims made in the previous Office Action are now withdrawn in view of Applicant's amendment. Therefore, the case is now found to be in allowance condition as set forth below.

## **REASON FOR ALLOWANCE**

2. The following is an examiner's statement of reasons for allowance: Applicant has canceled all rejected claims presented in the previous Office Action. As to pending claims of the application. The prior art of record fails to disclose a device for controlling a frequency response having specific structural limitations such as a duty ratio controller comprising a flip-flop that receives a delayed signal after obtaining the clock signal by a time delay; and a delay component that receives the clock signal, generates the delayed signal, and controls the time delay in response to the duty control signal; wherein the duty ratio controller receives a clock signal and a duty control signal for selectively adjusting the duty-controlled clock signal, controls a duty ratio of the clock signal, and generates the duty-controlled clock signal; and being configured in combination with the rest of the limitations of the base claims and any intervening claims.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
